Digimon in the Pokemon World: Part 2

A/N: I've never been up this early before! I wrote this at about 5:00AM!!! {Pixie Stix} Have you ever put a pixie stick right under your tongue? Don't unless you want to stay up for hours! *to Digi-destined* It's a Digimon's fav. snack! At least mine!!!

Matt walked, carrying the unconscious Gatomon. She had been lying nearby when he woke up. Palmon was walking at his side. She was being quiet because they couldn't find Mimi. Before long, they spotted a city with people and other creatures.

"Maybe Mimi's there!" Palmon said excitedly.

"Lets go see." Said Matt.

Tentomon, Agumon, and Gabumon found themselves near a city. There were other creatures, but there were strange people there, too. They stayed hidden in a nearby forest. A bird sat in a tree above them, watching them with interest. Agumon had attempted to start a fire, but Gabumon's paw was the only thing that got burnt, and Tentomon refused to help.

After a few minutes of arguing, he gave up and scattered the wood around in his anger. Patamon suddenly rushed up and tripped over him, landing on Tentomon.

The bird tittered happily, and then flew off to find another form of entertainment.

"Why didn't you go into the city?" Patamon questioned.

"We don't know the people." Explained Gabumon.

"Then I'll lead."

Patamon walked into the city until someone pointed him to the Pokemon Center. There someone met him unexpectedly.

Izzy was typing on his computer as Taichi reached the Pokemon Center with Sora and Biyomon. The Nurse was standing at the counter giving last minute instructions to someone when she saw them.

"May I help you?"

"Yeah! Do you have any maps?"

"Over here, Taichi. I pulled one up on my computer. See? I've even got a five-mile Digi-vice signal. The only one I don't see appears to be Joe'sâ€|"

"What are these creatures?" Biyomon asked, pointing to one that walked in.

Izzy then began explaining all about Pokemon as Patamon followed the creature in.

"Izzy!!!" cried Tentomon.

"Hold on!" Izzy lapsed back into computer mode.

Patamon grabbed onto a chair. When no one laughed, he turned away sadly, wishing that TK were there.

A/N: Sorry this one is so darn short. I can't sit down anymore! I think I need to wake everybody else upâ€|No, I changed my mind. I don't want to wake up seven people and four Digimon @ 5 in the morning. Everybody around here is so not a morning person. I am! Lookit me! {Pixie Stix!!!}

WHOO-HOO!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!
